

# **BC YUKON AREA 79**

## **ARCHIVES COLLECTION SCOPE**

The BC Yukon Area 79 focus is on local A.A. history within the confines of our area boundaries. Histories and information within the scope of our collection focuses on our local AA groups and its members, our Districts, local AA Intergroup offices, as well as our Area 79 Quarterly and Assemblies. Any information or history from an event, workshop or conference that is linked to our General Service Structure (National and regional AA Conferences) will also be collected.

Archives does not seek to acquire collections beyond the level of history. Donations to our repository will require a Deed of Submission form to be filled out with each submission. All forms must have a phone number attached so that we can contact the donor for future reference or if the item needs to be returned. We cannot at this time accept donations outside of our scope. We will however strive to work with donors and where the collection would be a better fit in a different archives collection, archives will work with the donor to place it in the appropriate repository.

We do not engage in the buying and selling of archives material.
