

Help!

We need two Tech Team volunteers

2 SPOTS OPEN

Our Assemblies and Quarterly are **hybrid events (in person and virtual)**, and we're looking for two friendly hands to help keep the tech running smoothly. You'd help by posting housekeeping notices, sharing slides, renaming members, running timers, spotlighting speakers, and giving a little tech support in breakout rooms.

No expertise required

Some general computer and virtual meeting technology experience is all it takes.

We'll train you

You'll be shown everything you need to do, step by step.

— The details

- ✓ **A two-year term** — ideally, both volunteers start this **October**.
- ✓ **Meets four times a year** for our assemblies and quarterlies, plus a few team meetings.
- ✓ **Available for the entire event** — Tuesday and Friday through Sunday.

One thing to note: volunteers can't be current voting members — GSRs, DCMs, and their alternates aren't eligible for these roles.

Interested? We'd love to hear from you.
